RECPDCL transfers SPV to PGCIL for renewable energy evacuation

🕒 December 31, 2024

REC Power Development and Consultancy Limited (RECPDCL), a subsidiary of REC Limited under the Ministry of Power, transferred the Special Purpose Vehicle (SPV) Rajasthan IV 4A Power Transmission Limited to Power Grid Corporation of India Limited (PGCIL). The transfer followed PGCIL's selection as the Transmission Service Provider (TSP) through a Tariff-Based Competitive Bidding (TBCB) process conducted by RECPDCL. The project will be executed under the Build, Own, Operate, and Transfer (BOOT) model and is scheduled for completion in 24 months.

The transmission project, valued at Rs 53.78 billion, is designed to evacuate 3.5 GW of renewable energy from the Rajasthan Renewable Energy Zone. Key components of the project include a 765/400 kV, 2×1,500 MVA substation near Ghiror in Uttar Pradesh, the augmentation of the Barmer-I Pooling Station, and the construction of 283.05 km of 765 kV transmission lines and 43.28 km of 400 kV transmission lines, along with related works.

In November 2024, RECPDCL transferred the SPV for the Khavda V-A Power Transmission Project to PGCIL, on a BOOT basis scheduled for completion within 54 months.

RECPDCL hands over transmission project SPV in Rajasthan to Power Grid Corporation

REC Power Development and Consultancy (RECPDCL), a wholly-owned subsidiary of REC, a Maharatna CPSU under the aegis of Ministry of Power, has handed over a project specific SPV (special purpose vehicle) – Rajasthan IV 4A Power Transmission – to Power Grid Corporation of India.

Power Grid Corporation of India had emerged as the transmission service provider (TSP) through tariff-based competitive bidding process conducted by RECPDCL, the bid process coordinator, for development of the transmission project on build, own, Operate and transfer (BOOT) basis.

The transmission scheme is planned for evacuation of 3.5 gw of renewable energy (RE) power from Rajasthan Renewable Energy Zone, which covers establishment of 765/400 kv, 2 X1,500 mva S/s near Ghiror (Uttar Pradesh), augmentation of Barmer -I pooling station, 283.05 km of 765 kv line and 43.28 Km of 400 kv line along with associated works. The estimated cost of the project is Rs 5,378.03 crore. The SPV was handed over by RECPDCL CEO T S C Bosh to Power Grid Corporation of India Company Secretary Satyaprakash Dash in the presence of senior officials of RECPDCL, Power Grid Corporation of India and Central Transmission Utility of India. The project is targeted for implementation in 24 months.

RECPDCL transfers Khavda V-A HVDC project SPV to Power Grid Corporation

Power Grid Corporation of India Limited (PGCIL) emerged as the Transmission Service Provider (TSP) through Tariff-Based Competitive Bidding (TBCB) process conducted by RECPDCL, the Bid Process Coordinator, for development of the transmission project on Build, Own, Operate & Transfer (BOOT) basis.

REC Power Development and Consultancy Limited (RECPDCL), a wholly owned subsidiary of REC Limited, the Maharatna CPSU under the aegis of Ministry of Power, has handed over the project specific SPV (Special Purpose Vehicle) of

HVDC Transmission Project under TBCB route viz, Khavda V-A Power Transmission Limited to Power Grid Corporation of India Limited on 19th November 2024 at Gurugram.

Power Grid Corporation of India Limited (PGCIL) emerged as the Transmission Service Provider (TSP) through Tariff-Based Competitive Bidding (TBCB) process conducted by RECPDCL, the Bid Process Coordinator, for development of the transmission project on Build, Own, Operate & Transfer (BOOT) basis.

This is the first HVDC transmission project, whereby the award process has been concluded through TBCB route and handed over to PGCIL.

The scheme covers establishment of 2 Nos. HVDC terminal stations of 6000 MW at KPS2 and Nagpur, + 800 kV HVDC Bipole line (Hexa Lapwing) from KPS2 to Nagpur (1200 km), 6x1500 MVA, 765/400 kV ICTs at Nagpur S/s along with associated works.

The SPV (Special Purpose Vehicle) was handed over by T.S.C. Bosh, CEO, RECPDCL to Pankaj Pandey, Executive Director, Power Grid Corporation of India Limited in the presence of Senior Officials of RECPDCL, Power Grid Corporation of India Limited and Central Transmission Utility of India Limited. The implementation period of the project is 54 months.
